

EU Open Space

15-17 June, University of Aveiro

University of Aveiro, Portugal

The Network's meeting point!

The new edition of the EU OpenSpace will take place from the **15th to the 17th of June** in Aveiro, hosted by the research-oriented [University of Aveiro](https://www.ua.pt).

The OpenSpace is a project incubation event that gives participants the opportunity to find out more about EU funding opportunities, discuss their own project ideas with colleagues from across Europe, and plan the next steps for submitting and managing project applications. The lively environment will also offer multiple networking and best-practice sharing opportunities among higher education staff working on EU projects.

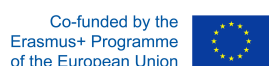

This year, the OpenSpace will be divided in two tracks. The first track is for individuals who have project ideas and aim at creating a strong EU Erasmus+ project proposal and finding partners. The second track is for already existing consortia that want to meet with their partners to finalise project proposals and engage in peer-review with other consortia.

Early bird fee: 22nd of April

Deadline to register: 15th of May
